

*In the Name of Allah, the Beneficent, the Merciful*

9 Safar 1443 (9/16/21)

Greetings of Peace:

Without hesitation, I lift my voice to assist The Aafia Foundation in calling committed individuals to participate in and endorse the campaign, **“We Rally in Support of Dr. Aafia Siddiqui.”** For years, the Foundation has launched education drives to inform organizations and individuals of the plight of Dr. Aafia Siddiqui, and it is clear that her plight is our plight. We must acknowledge that we simply cannot continue to be silent. It is our duty to join The Aafia Foundation in the struggle to right the wrong of Dr. Siddiqui’s unjust incarceration. Silence is not acceptable.

You can lift your voices further and turn the tide by giving generously of your time and resources to the Foundation to organize efforts to demonstrate that we have not abandoned our sister, Dr. Aafia Siddiqui. While you are present at the mobilizations in Houston and Fort Worth, Texas, the location of her captivity; Washington, DC, New York and Boston, let Dr. Siddiqui’s captors hear your voices of support and let your continued efforts serve to move our sister closer to obtain the freedom that she deserves. She must be released and not subjected to further years of an unjust incarceration.

Please remember Dr. Siddiqui--her captivity and her family. They deserve the support of the Muslim community, in particular, and all individuals who seek justice for all.

Thank you.

The Muslim Alliance in North America (MANA) supports the ongoing work of our Brother Mauri Saalakhan and the Aafia Foundation to secure the freedom of Aafia Siddiqui from unjust incarceration.

Our country can never fulfill its true potential until it has a moral reckoning with the terrible human costs of its wars and the military industrial complex feeding them. The ruined life of Aafia Siddiqui is part of that cost and there can be no compensation for her life short of her freedom.
